

## Coolnagreina Greystones

**has served the local community since 1893 with an ethos founded on the desire to share the Christian faith. As part of the YWCA of Ireland, we seek to provide a programme of an educational and recreational nature and to meet community needs. Coolnagreina is now planning to turn our old house facing Trafalgar Road into a youth café.**

**The vision is to have a safe place for youth, aged 12-19, where they can come to connect with friends over a slice of pizza and an ice-cold smoothie. It will be a place of trust where young people will be able to access help and support. The space will become a hub where young people can express themselves through, art and music and find real conversation, with a focus on life and Christian faith.**

**The house needs to be renovated and the design will be steered by local youth. The overall project is expected to cost €128,000. To date (September 2017) we have raised €70,000 towards our goal (includes own reserves).**
